

## 2020 Fall Semester Registration Schedule and Policy

All of our fall semester classes will be held online. The fall semester is from September 1 to December 20 and the registration period starts on **July 28**. Please read the following details carefully regarding the fall registration.

### 1. Registration Policy:

- The Priority Registration Period is for current students who have been attending classes since **January 2020**. Starting August 24, the registration will open to all new and other students.
- **All registrations will be completed online.** Priority Registration Periods are staggered based on the grade of the registration courses. Registrations are done on a first-come, first-served basis.
  - Parents should check the registration time carefully and make appointments for a course registration according to the registration time.
  - In order to improve the efficiency of the registration process, the school will not process appointment applications that are not for the registration time of this grade.
- Families with two or more children (both of them are current students) from different grades may register for all children during the first Priority Registration Period.
- During the registration period, academic counselling support will be offered by our school's trained associates.
  - The registration time could take 25 minutes. If you missed the appointment time, please book another one later.
  - Our staff will contact parents by phone within the appointment time. Please keep the phone unblocked. In order to improve the efficiency of the registration, we **will not** contact you again if you didn't pick up the phone within 5 minutes of the appointment time or show up in the Zoom session.
  - The timetable will be sent through [info@olympiads.ca](mailto:info@olympiads.ca). Parents must read the email and follow the instruction.
  - The invoice will be sent through [payment@olympiads.ca](mailto:payment@olympiads.ca). Please be patient due to the large number of enrollments.
  - A family can only book one appointment in one day.
- Due to limited consultation availability, please make an appointment on another day if your desired time slot is fully booked.

### 2. Tuition

To avoid physical contact, all the payments will be accepted online via E-Transfer or PayPal.

Olympiads School will accept full-year payment for the following courses from September to June of the following year.

- Grade 5 – 6 Math courses
- Grade 7 – 12 Math competition courses
- Language courses (English, Writing and Public speaking)
- Computer science courses (level 1 – 6)

Parents can select the payment period by semester or by full-year.
