

New Private School Preparation & SSAT Course

Dear parents and students,

Meritus Academy will open three private school preparation and SSAT courses from December 4, 2024 to June 15, 2025.

These courses not only provide intensive training for the SSAT exam (English part), but also include coaching on interview skills and essay writing tailored to the specific requirements of private school applications. The goal is to offer students comprehensive support to enhance their overall competitiveness.

The private school preparation & SSAT courses are divided into two levels: Upper Level and Middle Level. The Upper Level is designed for students currently in Grades 8-11 who will be applying to Grades 9-12, while the Middle Level is for students currently in Grades 5-7 who will be applying to Grades 6-8.

It should be noted that although some private schools no longer require SSAT scores as a mandatory requirement for applications, high scores will be of great help to students studying at a good private school. Because the intensity of studying at a good private school is very high, students with good SSAT scores can reduce that pressure.

This program aims to improve students' overall English proficiency, which will greatly benefit them in their private school education and future applications to top Canadian and US universities.

This course is offered in both an Upper level and a Middle level. Each level of course will be held once a week, each class lasts two hours, for a total of 26 classes.

Below is the detailed schedule for these classes:

Course Name	Schedule
