

Congratulations

Six Students from Meritus Academy Admitted to Harvard University

Dear parents and students,

This year, six students from Meritus Academy have been admitted to Harvard University. A remarkable achievement!

Top University Admissions Success

In the 2026 university application season, Meritus Academy students have once again received offers from multiple top universities worldwide.

For many years, Meritus Academy has consistently maintained a systematic curriculum, combining academic ability development with competition training to help students continuously improve their overall strength, achieving outstanding results in college applications and international competitions.

Based on the latest statistics, the following are some of the top US and UK university offers received by Meritus students in 2026:

- Harvard University: 6 students
- Princeton University: 2 students
- Massachusetts Institute of Technology: 1 student
- Stanford University: 2 students
- Yale University: 1 student
- Cambridge University: 2 students
- California Institute of Technology: 2 students
- Columbia University: 2 students
- Duke University: 2 students
- Johns Hopkins University: 2 students
- Carnegie Mellon University: 2 students
- New York University Stern School of Business: 1 student
- University of Michigan: 2 students
- University of California, Los Angeles: 1 student
- Georgia Institute of Technology: 1 student

The above data represents university offers received by students. Some students received offers from multiple universities, so each offer is counted separately for each university.

Over 20 Years of Continuous Academic Excellence, Supporting Student Growth

Founded in 2005, Meritus Academy has helped over 50,000 students in the past two decades. We consistently adhere to a core philosophy of strong academic training, a systematic curriculum,

and an experienced teaching team, focusing on cultivating talent in mathematics, science, computer science, English, writing, French, public speaking, and debate. Since 2008, our students have consistently been selected for the International Olympiad national teams and admitted to top US, UK, and other international universities.

Peer Inspiration Seminar

On the afternoon of June 20, Meritus Academy will host two seminars: **“Peer Inspiration: The Road to the Best U.S. and U.K. Universities.”**

We will invite **seven students who have been admitted to the top US universities** to share their high school experiences and insights with students and parents in person, covering topics such as academic growth, competition participation, extracurricular activities, and the college application process.

Among them are:

- 5 students admitted to Harvard University
- 1 student admitted to Stanford University
- 1 student admitted to Yale University

We hope that through these authentic exchanges among outstanding students, more children will see the possibilities for their own growth, and parents will gain a deeper understanding of the long-term dedication and effort required for top-tier university applications.

July Online Sharing Session

Since some of the graduates might not be able to speak at the in-person event on June 20, we will invite them to share their personal growth stories, study methods, and insights on the college application process via an online session in July.

We invite parents and students to stay tuned to our emails, where we will gradually release detailed information regarding the seminar schedule and registration process. Thank you!

Best regards,

Meritus Academy
